

Little Stars Summer Camp July 2022

Ages 6 months-24 months

Bath, Summer Safety Tips

- Watch the water. Never leave your baby unattended even if its shallow water.
- Always check your car's backseat. A car seat becomes dangerously hot in just minutes.
- Take cover from the sunbites. Always apply sunscreen and keep your baby out the sun from 10 am-2 pm when the rays tend to be strong.
- Check daily for bug bites. For baby bites, wash with soap and dab on calamine lotion.
